

AN ORDINANCE AMENDING THE MUNICIPAL CODE, LE ROY, ILLINOIS, 1975, CHAPTER 7, SEWERS, AND CHAPTER 6, WATER SERVICE.

Whereas the City Council of the City of LeRoy, Illinois, has determined that some uses of water by residents and commercial establishments of the City of LeRoy contribute no additional volume of wastewater to the city's sewer system, and

Whereas, it is desirable in certain instances to provide a means whereby water users within the city may measure such water useage and have the amount so used exempted from the user charge for wastewater services,

BE IT ORDAINED by the Mayor and City Council of the City of LeRoy, Illinois:

Section 1. That Chapter 7, Part 3 Wastewater Service Charges, Article I Wastewater Service Charges, is hereby further amended by adding the following:

"Section 1.1 Additional metering of water useage:

- a. Persons desiring to have a portion of the water useage measured for their premises from time to time exempted from the user charge for wastewater services as provided in Section 1 preceding shall make written application for an additional water meter to the city clerk upon printed blanks to be furnished by the clerk and signed by such applicant or his authorized agent; provided no such application will be accepted by the city unless made by the owner of the premises. An annual fee of \$25.00, not to be prorated in any manner, shall be collected upon filing of the application.
- b. The additional meter shall be placed and attached by the City Water Department on an outside faucet or water line and at some point after the meter location on the incoming water service to the premises. Such meters shall not be installed prior to April 1 of each calendar year for which application may be made for such service and shall be removed by the City Water Department on or before October 31 of each calendar year for which a meter was so attached to the premises.
- c. Such meters, once in place, shall be read by the City Water Department at the same time the reading is taken for the inflow water meter for the same premises. The useage measured by the outflow meter shall then provide the "adjustment" in meter readings and establish the water flow not discharged to the sewer in accordance with the provisions in Section 1 preceding for purposes of determining the wastewater service charge for the premises.
- d. All provisions of Chapter 6, Water Service, of the Municipal Code, LeRoy, Illinois, regarding rules and regulations pertaining to the care, maintenance, servicing, and protection of water meters and tampering therewith, are incorporated herein by reference and are made pertinent to meters installed under this subsection of Chapter 7."

Section 2 That this ordinance shall be in full force and effect after its passage, approval and publication, as required by law.

PASSED by the Mayor and City Council of the City of LeRoy, Illinois, on the 21 day of July, 1980, and deposited and filed in the office of the City Clerk in said City on that date.

Elected Aldermen 6
