

Creating Our Past by Investing in Our Future

PUBLIC WORKS COMMITTEE MEETING HELD MAY 6, 2019

Attendance: Public Works Committee members, Ron Legner (Chair), Greg Steffen with Brad Poindexter being absent.

Staff: Samantha Walley and Anita Corso

The committee meeting was called to order at 6:06 P.M. by Administrator Samantha Walley. The meeting was called to discuss options for the Water Treatment Plant filtration system.

The current filtration system is in need of replacement. CMT and Chastain engineering companies were separately contacted as to available options and both indicated a sand filtration would most benefit the City.

The Committee agreed to recommend to the Council a one month feasibility study as proposed by Chastain.

The meeting adjourned at 6:37 P.M.
