The Le Roy Municipal Code requires that owners or agents of property apply for a permit and receive approval before the start of any building projects and permanent structures. This usually involves constructing, enlarging, altering, renovating, demolishing, or changing the occupancy of a building or structure. It also includes commonly overlooked things like pools, sheds, fences, and driveways. If you aren't sure if the project requires a permit please call **City Hall at 309-962-3031, option 3 for Building and Zoning.**
