Dates through December:

September 16

October 2, 14

November 6, 18

December 4, 16

Did you know...

The City of Le Roy uses "Fund Accounting" to keep records separate for various types of activities / expenses. The enterprise funds are water, sewer and refuse. Money in these funds comes solely from charges on the city utility bill to pay for equipment, maintenance, personnel and supplies in each department. These funds can only be used for the department charging them. Water charges for the water department, sewer charges for the sewer department, and refuse for the refuse department.
