The following list is considered as those days for which holiday rates of wages for work performed apply:
New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

Re: Prevailing Rate of Wages

Dear Juanita:

By legislation passed in late 1979, effective January 1, 1980, each municipality in the State of Illinois during the month of June of each calendar year must investigate and ascertain the prevailing rate of wages to be paid for work on public works and must post or keep available such determination of the prevailing wages, as well as file a certified copy of the findings made by the municipality in the Office of the Secretary of State as well as the Illinois Department of Labor, both in Springfield. This legislation, Chapter 48, Paragraph 39s-1 thru 39s-12, also provides, under 39s-4, that a municipality may request the Department of Labor in the State of Illinois to ascertain the prevailing rate of wages.

Enclosed please find the original and four copies of the ordinance for the City of LeRoy for the adoption of the prevailing wage rate for public works to be constructed within the city. Please have this ordinance adopted by the City Council at your next meeting. By state law, every municipality in the State of Illinois must adopt a prevailing wage ordinance during the month of June each year.

After the ordinance has been adopted, please forward to me one fully executed copy to keep in my file. You will also need to send one certified copy of the ordinance to the Office of the Secretary of State and one certified copy to the Department of Labor, both in Springfield, Illinois. I am enclosing letters suitable for your use in forwarding those copies to the Secretary of State and Department of Labor.

Although the ordinance must be published in some fashion, it may be published in a short notice in the newspaper indicating that the ordinance is published in pamphlet form and indicating that the pamphlets are available at certain places during normal business hours for viewing by the public. I am also enclosing a Notice which I have prepared for your convenience.

Sincerely yours,

Hunt Henderson
