The undersigned being the duly qualified and acting City Clerk of the City of LeRoy does hereby certify that this document constitutes the publication in pamphlet form, in connection with and pursuant to Section 1-2-4 of the Illinois Municipal Code, of the above-captioned ordinance and that such ordinance was presented, passed, approved, recorded and published as above stated.

(SEAL)

  
City Clerk of the City of LeRoy,  
McLean County, Illinois

Dated: February 15, 1993.

ORDINANCE NO. 482

**AN ORDINANCE AMENDING CHAPTER 4-STREETS, DITCHES AND TREES,  
MUNICIPAL CODE OF LEROY, ILLINOIS, 1975 (AS AMENDED),  
BY ADDITION OF NEW SECTION 4.30-DRIVEWAY PERMITS.**

**WHEREAS**, in order to provide for the health, safety and welfare of the residents of the City of LeRoy, the Mayor and City Council of the City of LeRoy, McLean County, Illinois, an Illinois municipal corporation, have determined that traffic safety and health concerns will be enhanced by requiring persons desiring new access to a public street, alley, or other public way, or modification of an existing access to any public street, alley, or other public way, to obtain a driveway permit,

**NOW, THEREFORE, BE IT ORDAINED** by the City Council of the City of LeRoy, McLean County, Illinois, in lawful meeting assembled as follows:

**Section 1.** Chapter 4, "STREETS, DITCHES AND TREES," Municipal Code of LeRoy, Illinois, 1975 (as amended), is hereby further amended by addition of new section 4.30 (Sections 4.21 thru 4.29 are hereby reserved for future use) in words and figures as follows:

4.30 - DRIVEWAY PERMIT

(a) All property owners within the City of LeRoy, McLean County, Illinois, desiring a new access to a public street, alley or other public way, or desiring to modify an existing access to any public street, alley or other public way, are hereby required to obtain a "Driveway Permit." Driveway Permits shall be on forms prepared by the city clerk and shall be issued by the Director of Public Works or the city engineer, whichever the city council shall designate from time to time. An application form for a Driveway Permit shall also be prepared by the city clerk and shall be made available to members of the public as necessary from time to time to apply for a Driveway Permit.

(b) The city representative granting the Driveway Permit shall consider the necessity of the new or modified access to the use, both current and anticipated future use, of the property to be served by the new or modified access, as well as considering the traffic patterns and uses of the public way, in determining whether or not the new access or proposed modification of the existing access is in the best interests of the public. The city representative granting the driveway permit shall also consider 1) the type of construction materials to be used; 2) safety precautions, stated by the applicant, to be utilized during the period of construction in order to protect passers by, vehicular traffic in the vicinity; and the public. The city representative granting the driveway permit shall also determine whether or not the new access or proposed modification of an existing access will be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property to be served by the new or modified access is located, and whether or not the particular physical surroundings and other pertinent conditions of the property to be served by the new or modified access indicate a particular hardship upon the owner if the application for the new or modified access is not approved as distinguished from a mere inconvenience if the new or modified access is not approved.

(c) All entrances to any private premises which require a ditch along a public right-of-way be crossed, including those for which Driveway Permits are required, shall have a corrugated, metal pipe culvert of a diameter and length as specified by the city engineer, said pipe culvert to be installed at a depth and grade as directed by the city engineer, and to be installed in accordance with any other directions or requirements of the city engineer.

**Section 2.** This ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as required by law.

**PASSED** by the City Council of the City of LeRoy, Illinois, upon the motion by William Swindle seconded by Gary Bulta, by roll call vote, on the 15th day of February, 1993, as follows:
